CAREER OBJECTIVE

To secure a suitable entry-level position in a reputable organization where I can utilize my computer and technical skills, gain practical experience, learn new technologies, take on challenges, and contribute to organizational success while developing my professional career.

SUMMARY

I am an energetic, hardworking and responsible Diploma Engineering student in Computer Science and Engineering (CSE), which is expected to be completed by December 2026. I have practical skills in MS Word, MS Excel, MS PowerPoint, data entry, computer operation, document creation and internet-based work. I also have basic knowledge of programming languages and web development. I am eager to learn new technologies, improve my technical skills, adapt to new challenges and work effectively in a team. I am looking for an opportunity in a computer-related or IT-based field, where I can apply my skills, gain practical experience and grow professionally. Along with my career, I plan to pursue a BSc in Engineering to enhance my knowledge and build a successful future.
